

Your roof is an expensive part of your home. Too often, once a new roof has been installed, homeowners forget about it. Many believe that maintenance is not required on a roof – yet nothing could be further from the truth. Don't put roof maintenance off, as your roof and your home may be damaged if problems are left uncorrected. Extensive roof damage can be avoided by acting quickly and not procrastinating!

Call RAINSHIELD today to find out which Roof Maintenance Program Level, is right for you. Preventative Roof Maintenance is the key to providing a longer service life of your roof and in the long run will save you money. 1-888-858-ROOF
